

Two-bedroom condo for rent downtown- Hallmark building

- Awesome location!!!!
- Two-bedroom condo for rent in downtown Saskatoon, just a short walk to the university or both hospitals.
- Both rooms are large with big closets (master bedroom has a walk-in closet).
- One bathroom
- in suite laundry and dryer.
- Underground parking is included in the rental price.
- Lower level of building has a gym and squash court. – I used this gym all the time as it's usually empty!
- Main floor has a convenience store (I bought a lot of groceries there as they bring in yogurt, fruit, bread and vegetables daily)
- Entrance to balcony from master bedroom and from living room.
- Kitchen is a dated but appliances work well
- There is a bike storage on lower level that is locked and I kept my bike and helmet and bike pump there.
- The manager of the building lives in the building
- It is a very quiet building (I never heard anything from other condos- I think because of the cement structure of an older building).
