Welcome to 1007 Olser Street, a beautiful end unit condo that replicates a New York Brownstone. This 1632 square foot dream features 3 spacious bedrooms, with the primary being private on the 3rd floor with its own den & Juliet balcony.

This property has it all, traditional brick finishes, high ceilings, bay windows that flood the space with natural light, quartz countertops, & marble bathrooms. The 2nd floor features a luxurious full bath, 2 spacious bedrooms and laundry. The 3rd floor is the home of the private primary with windows in every corner including a bay window, large closet and nook to make your own. This unit also has a heated underground parking spot with a spacious storage unit as well as one surface level spot too.
